

CULTURAL LEARNING CENTER

*A Hopeful
Future for
Young People*

OVERVIEW

The population of Jericho, the West Bank, and Gaza is estimated at 4 million, of which 65% are under the age of 24 and 43% are under the age of 15. These young people grow up without much hope for their future. They are largely uneducated and unskilled. Jobs are few with a limited financial base for providing families with a steady income. Seeds of Hope is developing a Cultural Learning Center for young people to gain skills needed to secure a better future.

EXPECTED LIFE CHANGE RESULTS

Your gift toward operational and equipment needs for the Center will have this impact:

- Young people learn computer skills and English language
- Seminar training on topics such as democracy, tolerance, and peace
- A safe, positive place for young people to congregate, equipped with a billiard table, various workout machines, snacks and drinks
